Percentage of children<sup>1</sup> below the after-tax low-income measure<sup>2</sup> in 2020, by 2021 census subdivision (CSD)

1. Children are defined here as the population in private households younger than 18 years of age.  
 2. For a one-person household, the after-tax low-income measure (LIM-AT) is \$26,503. For larger households, this amount is adjusted upward by multiplying it by the square root of household size.
